

STATUS OF CLAIMS

1. (Currently Amended) A merchandising strip for displaying a plurality of discrete packages, comprising:

an elongated, narrow ~~width~~ strip of plastic having a given width, and having a longitudinal axis; and

a plurality of adhesive elements, each having a width less than said given width, laminated to said strip of plastic, said adhesive elements being aligned along the longitudinal axis of said strip, and having a predetermined spacing between each two of said plurality of adhesive elements.

2. (Original) The merchandising strip according to Claim 1, wherein said strip of plastic is clear plastic.

3. (Original) The merchandising strip according to Claim 1, wherein said strip of plastic has a first coated side and a second uncoated side, whereby said coated side allows said plastic strip to be easily rolled up and unrolled.

4. (Original) The merchandising strip according to Claim 3, wherein said coating on said first side is comprised of silicone.

5. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have a circular configuration.

6. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have a rectangular configuration.

7. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have a square configuration.

8. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have a triangular configuration.

9. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have a pentagonal configuration.

10. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have an oval configuration.

11. (Original) The merchandising strip according to Claim 1, wherein said adhesive elements each have a star configuration.

12. (Original) The merchandising strip according to Claim 1, wherein said strip has first and second ends and has a hole near one end of said strip, to allow said strip to be hung vertically for display.

13. (Original) The merchandising strip according to Claim 1, wherein said strip has first and second ends and has first and second holes, one such hole being near each end of said strip, to allow said strip to be hung vertically for display without regard to the orientation of any such packages attached to said adhesive elements.

14-21. (Canceled).
